SNAP-ON® AND STARRETT®

ADVANCED MEASURING INSTRUMENTS (AMI) CERTIFICATION

The **Snap-on Advanced Measuring Instruments (AMI) Certification** is based on the expectations of globally-recognized companies that are designers and manufacturers of advanced measuring instruments. This course curriculum enables students to earn **TOOLS FOR LIFE** and expertise in the instruments used in global precision manufacturing labs. Those who acquire this certification will demonstrate their competency through hands-on application and successful completion of an online exam.

The content of this certification is designed to meet the expectations of Starrett, Snap-on, the National Coalition of Certification Centers (NC3), and critical industries like aerospace, engineering, manufacturing, power generation, and natural resources. Upon successful completion of each module, the learner acquires a stackable credential from Starrett; a global leader in the manufacture and use of precision measurement instruments.

COURSE CONTENT INCLUDES:

- Primary Standards
- Flexible Measuring Instruments
- Support and Layout
- Surface Finish and Hardness
- Data Acquisition
- Optical Comparator

BUILDING TOOLS FOR LIFE

Snap-on S-TECH certifications provide a return on technical education investment through hands-on training and state of the art tools and equipment. **The Snap-on and Starrett Advanced Measuring Instruments Certification** connects directly to the following academic subject areas, and not limited to:

- Millwright
- Machine Tool Operation
- Precision Machining
- Transportation Precision Machining
- Aerospace Precision Machining
- Engineering
- Oil and Natural Gas Precision Machining

Students earn Snap-on S-TECH certifications as proof of achievement. These NC3-backed, stackable credentials increase employment potential and on-the-job productivity in industries such as:

- Manufacturing
- Metrology Lab
- Metal Working
- Audit Lab
- Aerospace
- Transportation
- Energy
- Precision Machining
